

# BuddySystem

Bringing closer the local and the international

- 1 The Buddy System is a European system of sponsorship of internationals by locals through an online platform and the associations of the ESN network. It aims to integrate and make feel at home international PhD students, from their earliest days in their new cities.

## 2 WHY SHOULD I BE A BUDDY ?

- Would you enjoy talking various languages and experience crosscultural exchanges?
- Would you like to help and facilitate an international student integration?
- Would you like to meet international students in your city?
- With the Buddy System, we will get you in touch with an international student coming in your city!

### 3 THE PRINCIPLE IS SIMPLE:

To connect an international PhD student who has come to study at the University of Lorraine with a local PhD student in order to facilitate his or her integration.

The role of the Local Buddy will be to inform his International Buddy, guide him, and help him make new friends!

Surya	N. Kumaran	31/08/2020		Premier semestre

A local student is someone who has been in town for a while.  
He does not necessarily have to be French!

# Matching

The screenshot displays a matching interface with two user profiles on either side of a central compatibility indicator. The left profile is for a user from Metz, and the right profile is for a user from Nancy. Both profiles show statistics such as 'Nb de buddies : 0', 'Nb de matchs refusés : 0', and 'Nombre de reports : 0'. The central indicator shows a '46 % de compatibilité' in a blue circle, with a 'MATCH!' button on the left and a 'NEXT MENTOR' button below it. A 'Démarrer' button is visible in the bottom left corner of the interface.

**Left Profile:**

- Nb de buddies : 0
- Dernière connexion : 31 août 2020
- % Ville : Metz
- % Université : Université de Lorraine > Univeristé de Lorraine - Ecole doctorale C2MP
- % Etudes : Aucun(e)
- % Niveau d'études : Doctorat
- % Semestre : Premier semestre
- % Date d'arrivée : Aucun(e)

**Right Profile:**

- Nb de buddies : 0
- Nb de matchs refusés : 0
- Nombre de reports : 0
- Nb de rappels : 0
- Nb de matchs supprimés : 0
- 13 sept. 2020
- % Ville : Nancy
- % Université : Université de Lorraine > Univeristé de Lorraine - Ecole doctorale C2MP

**Central Indicator:**

- 46 % de compatibilité
- MATCH!
- NEXT MENTOR

**Other Elements:**

- AUTRES PROPOSITIONS
- Démarrer

...it's a match!

What is the compatibility criteria?  
 How will I interact with my buddy?  
 Can I refuse the buddy that was assigned to me?
